## MORE SOLDIERS AT LAWRENCE TO PREVENT REIGN OF ANARCHY

### BUSINESS MEN MAKE APPEAL FOR STRONGER PROTECTION

ARMED GUARDS SURROUND MAYOR AND GUARD THE MILLS WITH INSTRUCTIONS TO SHOOT TO KILL.

LAWRENCE, Mass., Jan. 20.—In response to appeals from the business men, who fear a reign of anarchy will soon result from the mill strike here, four additional companies of the state militia were rushed here today.

With the arrival of the additional soldiers armed troops and deputies now surround the mills and are placed on the inside with orders to shoot to kill in case of an attack.

An armed guard surrounds Mayor Scollon, who is threatened with assassination, while President Wood of the American Woolen company and his home are guarded with a special cordon of police.

The strikers declare they will not return to work until their demands are met. The Arling on mills did not reopen today.

Peter Kuznork, one of the striking mill workers, driven desperate by starvation, leaped from a third story window in a lodging house on Chestnut street, and was picked up dying. Hundreds of strikers are on the verge of starvation and further serious bread riots are feared.

There are now over 1,000 soldiers in the city.

## BURGLARS WORKING AT DELAND GET AWAY WITH A BIG HAUL

REPORTS INDICATE MEN WHO DID JOB THERE ARE SAME AS ONES WHO WORKED HERE RECENTLY.

Reports that robbers have been working in Deland and making some big hauls in the county seat city have reached this city and indications are the "jobs" in that city have been done by the same parties who made the night hauls in this city recently.

Reports from Deland say one haul early yesterday morning netted the burglars \$700 in valuables secured, and it is believed the burglars have shaken the dust of the county seat from their feet. Reports sent to this city indicate one of the men suspected of being implicated in the job at Deland left that city yesterday and headed toward Daytona, but it is believed he did not come here. A close watch is being kept by the Daytona officers.

## NO STOP AT DAYTONA TOMORROW

SPECIAL WILL PASS THROUGH ON THE WAY TO KEY WEST

STOP OF 15 MINUTES AT THIS PLACE IS OFFERED BUT THE OFFER IS TURNED DOWN BY CITIZENS.

There will be no stop at Daytona of the special train carrying the delegation of congressmen, foreign diplomats and dignitaries to the Key West Oversea celebration, when it passes through this city tomorrow afternoon.

In spite of efforts made to arrange a stop of the train to give the passengers an opportunity to see the prettiest winter resort in the world, no such arrangement could be made and the only sight of Daytona for those on the special will be from the train. Arrangements have been made for the special to make several stops on its way down the East Coast, but the city of Daytona, the prettiest of them all, is not included in the list.

A wire from Congressman Frank Clark received Friday night said the special will stop 15 minutes at Deland and asked if the Daytona citizens would like that time spent here. The answer was a demand for a stop of an hour at this place or no stop. A stop of 15 minutes would give the visitors a chance to see only the least attractive part of the city and would be only a poor advertisement for the city of Daytona.

The special will be the first of the Key West trains to pass through Daytona tomorrow afternoon and the first section of this train should pass here about 3 o'clock, unless the train is delayed or the stops north of here are made longer than planned at this time. The train will start from Jacksonville at 10:30 o'clock Sunday forenoon and a stop of two hours is planned for St. Augustine. The first section will be followed closely by the second section and these trains will be followed by the regular through train from New York, due here at 5:56 o'clock.

Henry M. Flagler will join the special party at Palm Beach on its way south and make the rest of the journey to Key West.

## WELL KNOWN NEWSPAPER MAN DIES AT CHARLESTON.

Both five hundred and bridge were employed, there being one table of the former and three of the latter engaged. Prizes were awarded to the player making the highest score at each table. Refreshments were served and the afternoon was one of pleasant social enjoyment to all participants.

CONFERENCES AMONG LEADERS HELD AGAIN TODAY FOLLOWING OPEN BREACH WITH THE VETERANS' ASSOCIATION.

HAVANA, Jan. 20.—So chaotic have conditions become today through the anarchy among the innumerable political factions that intervention by the United States seems the only possible way to prevent a state of anarchy in the island. The next meeting of the San Souci club will be held at the home of Mrs. Geo. H. Sheets, members will take notice, as a change was made on account of the absence of one of the members.

Barney Castle on the beach was rented by E. A. Branch this week to Mr. Larry and family.

She is the author of "The Three of Us," "A Man's World," etc. Her latest play, "He and She," will be started in New York by Viola Allen.

Miss Lou Ott was the proud recipient last week of a number of pepper trees and other California shrubbery from Covena, Cal. They were sent by her friend, Mrs. Ennis, who visited her in October. Miss Ott has set her plants carefully, and if she succeeds in growing the pepper plants others will try the experiment with this beautiful flowering shrub.

## MANCHU DYNASTY ABDICATES

EDICT HAS BEEN DRAWN UP BUT IS HELD UP FOR A TIME

MEASURES BEING TAKEN TO PREVENT UPRISING BY PRINCE KUNG TO TRY TO MAINTAIN THE DYNASTY.

PEKING, Jan. 20.—The abdication of the Manchu dynasty is an accomplished fact. The edict has been drawn up and is being held until measures can be taken to prevent an uprising by Prince Kung, who proposes to try and maintain the dynasty.

Should the majority of the members of the imperial family attempt to instigate riots the imperial army will be turned against them and martial law will be maintained.

"Let the Daily News job department figure on that printing matter."

C. F. Burman returned Monday afternoon with the Southland from a trip to Ocoee and Rockledge.

C. A. Kenney has leased the Rhode Island cottage on Atlantic avenue to Jas. R. Davis and family of Philadelphia.

Mrs. Mary Baker is spending the winter as usual with her brother, Mr. and Mrs. Frank Laughlin and family moved Monday into their new home on the corner of Grandview and University avenues. A force of men is at work grading and getting the grounds in order.

Mr. and Mrs. Frank Laughlin and family are spending the winter with her brother, J. Ralph Wilcox and family at their home on Grandview boulevard. Mrs. Wilcox is assisting Mr. Wilcox in his art studio at Daytona.

Miss Lou Ott was the proud recipient last week of a number of pepper trees and other California shrubbery from Covena, Cal. They were sent by her friend, Mrs. Ennis, who visited her in October. Miss Ott has set her plants carefully, and if she succeeds in growing the pepper plants others will try the experiment with this beautiful flowering shrub.

## HALIFAX AVENUE IS HIGHWAY

ONLY WAY TO WIDEN STREET IS TO CONDEMN PROPERTY

LINE OF POLES PLACED ALONG THOROUGHFARE BY ORDER OF THE TOWN COUNCIL OF DAYTONA BEACH.

Editor Daily News:—Within the last few days a line of poles has been erected on the south side of the narrow lane at the east end of the South bridge. This crooked and narrow street was dangerous enough, without these new obstructions. And with these poles still further narrowing the roadway the passing of vehicles is rendered exceedingly hazardous.

Will the Daily News please inform the public if the lane referred to is a public street, and if so has permission been given by the proper authorities for the obstruction of this highway in this dangerous manner?

H. M.

Jan. 19, 1912.

To the best of the information of the Daily News Halifax avenue is a public highway for 20 feet in width. It was dedicated as a public thoroughfare years ago by the Halifax River Bridge & Railway company, the company only retaining the privilege of building a railroad along the same. The electric light poles are being placed along the street pursuant to orders of the town council of Daytona Beach, which body has ordered street lights installed along the thoroughfare. The street is undoubtedly too narrow and it is the prerogative of the town of Daytona Beach to condemn sufficient abutting property to make it of ample width for the heavy traffic which passes over it. Until last year, the street was maintained by the bridge company but the Daily News understands the company has now relegated this duty to the town authorities. Halifax avenue, as now traveled, is wider than originally planned but the additional width is still the property of the abutting owners. Unless the owners would willingly relinquish this land the only remedy of the town council to widen the street would be condemnation proceedings.

DAILY STOCK MARKET REPORT.

NEW YORK, Jan. 20.—Stocks advanced this morning and Lehigh was three-fourths up, but other stocks were irregular and generally tending to higher. Cotton was easy on weak cables and four to 11 higher. Cattle would have dropped much lower but for the support of shorts and spot houses.

The stock market closed steadily with cotton barely steady and nine to 13 net lower with January at \$9.22 and \$9.48.

WHEAT STILL CLIMBING PROVISIONS UNCHANGED.

CHICAGO, Jan. 20.—The wheat market opened dull and a half higher with May quoted at \$1.00 3-8. Provisions were about unchanged with May pork at \$16.20, lard \$9.35, ribs \$8.67. Hogs were five lower and cattle weak.

BIG FIRE IN CLEVELAND DRUG STORE DESTROYED.

CLEVELAND, Jan. 20.—The Marshall drug store was burned and the Jennings block adjoining was badly damaged by fire this morning. The loss will amount to \$150,000.

## ORDINANCES SHOULD BE OBSERVED

BY DRIVERS OF ALL VEHICLES ON THE STREETS OF DAYTONA

LETTER FROM WELL KNOWN DRIVER TO THE DAILY NEWS SUGGESTS THERE SHOULD BE LESS CORNER CUTTING.

That the drivers of many vehicles on the streets of Daytona are growing careless in the observance of the city ordinances requiring a strict compliance with the "rule of the road," and that serious accidents are made to result unless these drivers are made to comply with the ordinances, is the observation of one prominent driver here, and this driver calls attention to this laxity in a letter to the Daily News.

The agitation of the city officials last winter for a more strict observance of the city ordinances regulating the handling of vehicles on the streets resulted in drivers taking great care to strictly observe the "rule of the road." This year the drivers have apparently been careless to "keep to the right," but the lack of observance has been in cutting short corners, instead of taking the long turn, and several serious accidents have been narrowly averted at the busy corners.

The corner of Magnolia avenue and Beach street is one of the busiest in the city, particularly in the middle afternoon and great care should be exercised by all drivers in turning this corner. The letter to the Daily News is as follows:

"Editor Daily News:—In view of the large number of automobiles and vehicles and which will be increased on our streets, a few suggestions may be timely: The great danger of accidents is the failure of many to not observing the rules of the road as provided by ordinance. Everyone should strictly obey and use great care particularly at street crossings, where there is great danger of serious accidents.

"We say to pedestrians that they have the right-of-way against everything at street crossings in line with the sidewalk, and when they start across the street they should not stop but keep moving when all vehicles, particularly automobiles, will drive to pass in front or rear. If they stop in the middle of the street, they are not room they should stop."

"A serious violation of the ordinance, and which is sure to cause accidents, is cutting across the corners which can be seen continually at the foot of Magnolia avenue. If marshal or any official will take a stand there one afternoon and get busy the mayor's office would soon be filled with violators.

"As a rule nearly all horse vehicles are driven in the middle of the street and when signaled from behind it takes the driver a long while to move to the right side where he should be all of the time and frequently he will keep straight ahead when there is not room to pass him on the left.

"DRIVER."

SYNOPSIS OF REPORT OF CIVIC DEPARTMENT.

Following is a synopsis of the annual report of the civic department of the Daytona club, given at the meeting Thursday afternoon:

The club grounds have been improved and kept in order. "How to Keep Well" slips have been distributed to the lower grades of the public schools.

An asbestos stage curtain has been purchased for the school auditorium and will soon be installed. Two entertainments, a tableaux and "Trial by Jury," were given to raise money for the curtain. The sum of \$155 was raised.

The second annual flower show was given in May at the school. A carnival was given for the benefit of the Island park fund at which the sum of \$675 was cleared.

A path has been made around the library building and a landscape gardener is now preparing plans for arbors and flower beds on the south side of the library building.

A small band of Boy Scouts has been formed.

the 1980s, the U.S. has been actively promoting science. By instituting a series of stimulating science fairs, the program will lead to a more informed and more educated citizenry in our society. Therefore, we are not participating, which represents a major departure from the administration's policy of opposing the space station. Wanted to Patent a Circus.  
P. T. Barnum once came to the office to know if he could patent the three-ring circus. In technical parlance his three-ring circus was an aggregation and not a combination to produce a new result. Therefore it was not patentable, which information highly incensed the showman. "It will be adopted by every circus just as soon as I make it known," he declared. And it was.—From the Scientific American's "Ten Stories."

**Cleaning Glass Vases.**  
Flower vases which have become cloudy and discolored should be cleaned with a mixture of vinegar and salt, poured in and well shaken about. A long piece of stiff wire, upon the end of which is a little pad of soft rag, should be poked into all the corners and crevices, and the vase then rinsed in warm water and dried with a good polishing cloth. Fly marks upon the gilt frames of pictures should be rubbed with half a lemon and then polished with a chamolais leather.

**Rap at English Language.**  
Mr. Ruskin was once asked if it would not be well for the Welsh language to die out and be replaced by the English. "God forbid!" he replied. "The Welsh language is the language of music. There is no genius about the English language. The Scotch have got all the poetry and the Irish all the wit, and how the devil we got Shakespeare I do not know."

The wife would be much pleased with a pair of those shoes being given away by the Gazette-News. You can find out all about them at the Gazette-News office.

Football seems to be a thing of the past in Daytona, until next fall at least, and Friday morning Cecil Bradshaw turned the keys of the ball park over to Pete Rodgers, who will put his string of candidates through the first practice Sunday morning. ## THE M. E. E. CHURCH SUPPER

WAS LARGELY ATTENDED.

The turkey supper and sale given at the armory yesterday afternoon from 5 to 7 o'clock by the Ladies' Aid Society of the M. E. church, was a very successful affair and even more largely attended than anticipated by those in charge. Preparations were made to entertain 200 at supper, but the attendance far exceeded that and the provisions gave out before the close of the evening. The booths, 12 in number, representing the months of the year and all displaying different articles, also did extremely well.

Power of a Picture.

We gazed at the famous picture of "The Doctor" in silence that could be felt, and I tell you it fairly made me hold my breath and a lump come in my throat as I looked first at the suffering child and then at the kind doctor, with his grave face, and then at the father and mother in the background, and as for Smart, I don't mind telling you I saw the water in his eyes, and presently a great big tear rolled down his cheek as he said:

"Isn't that wonderful? I suppose as a tailor I should be looking at the style of the M. D.'s clothes; but, man, I'm human, and when there is a picture that appeals like that to the great heart of humanity, why, I just forget all about my trade and think only of my humanity. Come on," he added. "I can't stay longer to look at that, for it reminds me too much of a little one I lost. Here you are," he said—"here's something more in our line. Dr. Johnson waiting for an audience with Lord Chesterfield. Here's comedy, if you like. And now we may examine the clothes."—London Tailor and Cutter.

A Picture of Isben.

In Schurmann's "Secrets de Conscience" is a picture of Isben at the summit of his fame. When Isben had completed a new play the Copenhagen newspapers announced the event with a great flourish of trumpets, and added: "The master will deposit his manuscript at the National theater at 10 o'clock tomorrow morning." At that hour the road between Isben's house and the theater was lined with people. The great man appeared with his precious roll of paper neatly tied up. As it slipped through into the letter box the public gave a great shout. The philosopher acknowledged the demonstration with a grave bow and retired within doors with the consciousness of having performed a glorious mission. Every one of his ordinary acts in public was accompanied by something of the sort, and even when he sat the curtains of the window were drawn aside so that his features might be visible to his admirers outside.

She Was Used to Storms.

The storm burst forth in all its fury. Great trees were torn up bodily by the roots, houses were unroofed or even wrenched from their foundations, women shrieked and rushed with their children to places of fancied safety, while strong men turned pale and vainly attempted to appear unconcerned. But in the midst of all this fury of nature one little woman sat cool, calm and collected. She did not appear to notice that anything out of the ordinary was happening. Now and then she raised her eyes from the book that seemed to absorb her, glanced around the room and went back to the literary love. Afterward we learned that she was a teacher in a primary school and that she hadn't heard or felt anything she wasn't accustomed to.—Cleveland Plain Dealer.

Shark Stories.

A shark is very tenacious of life, and Dr. Gunther, the ichthyologist, has pointed out in one of his contributions to the literature of his subject that "wounds affect fishes generally much less than higher vertebrates. A Greenland shark continues to feed while his head is pierced by a harpoon or by a knife as long as the nervous center is not touched."

A Norwegian antarctic explorer, H. J. Bull, gives a startling word picture of a shark's tenacity of life. This man eater was caught at the Iceland cod fishery. His liver, heart and internal arrangements were removed so as to put a period to his career, and the thus mutilated body was then cast into the sea. He simply gave a leisurely wag of his tail and swam rapidly out of sight.—Chambers' Journal.
